

Why Attend LLIS Meetings?

1. Information Central

The LNOCA staff shares so much information during these meetings regarding: SIRSI updates, state standards, INFOhio databases, best practices, etc. Don't let your district librarians, teachers & students get left behind.

2. The People...The Camaraderie

 Most of us are the lone librarian in a building; it's a great way to network with professionals in the same situation.

3. Professional Growth

Afternoon sessions at the LLIS meetings offer additional professional programs and practical ideas/tips.

4. One Stop Shopping

With time and funding so scarce, it is great to be able to come for one meeting and hear representatives from CCPL, INFOhio, NCEMC & OELMA, in addition to the other vendors.

5. Staying on Top

Basically everything you ever wanted to know about librarianship in ONE meeting.

**You Miss One Meeting
You Miss A Lot!**

Libraries are one of the only face-to-face services left where kids can come with no appointment & get professional services from someone ...who assigns no grades, makes no judgments. It's the greatest democratic institution ever created.

~ Patrick O'Brien
